4. Structural steel and ornamental iron work.	Name: <u>None At this Time</u> Address: _____ License No. _____ Expires: _____

If the "Document Required" box is checked on the Proposal Submission Checklist for the item "Evidence of Registration....," evidence of registration pursuant to NJSA 34:11-56.48 et seq., for all subcontractors listed must be submitted prior to award of a Contract.

NOTE: If the BIDDER will not subcontract the work described in any category above but will complete it as prime contractor, it is not necessary to name a subcontractor. In such case, the BIDDER should insert "prime contractor" in the subcontractor name space. If more than one subcontractor will be utilized in any category, attach a certificate signed by the BIDDER listing each subcontractor named in the bid for that category. The certificate shall set forth the scope of work for which the subcontractor has submitted a price quote and which the BIDDER has agreed to award to each subcontractor should the BIDDER be awarded the contract. The certificate shall be submitted to the contracting unit simultaneously with the list of the subcontractors (attached to the Proposal). The certificate may take the form of a single certificate listing all subcontractors or, alternatively, a separate certificate may be submitted for each subcontractor.

Each of the above subcontractors shall be qualified in accordance with 40A:11-1 et seq. The OWNER shall require evidence of performance security to be submitted with this proposal. Evidence of performance security may be supplied by the BIDDER on behalf of the BIDDER and any or all subcontractors, or by each respective subcontractor, or by any combination thereof which results in evidence of performance security equaling, but in no event exceeding, the total amount bid. If separate evidence of performance security will be submitted by any subcontractor, the bid shall be accompanied by a separate certificate from a surety company in accordance with NJSA 40A:11-22.
